Smokeless Range®– Use of Force and Marksmanship Simulator

The Smokeless Range® by Laser Ammo is a high end, budget friendly, shooting simulator to train for marksmanship and use of force. Learning Labs, Inc. is able to offer this expensive technology that has been previously used only by government agencies to educators.

Using the school's own computer, projector or TV, inexpensive screen or white wall, and a Laser Ammo IR recoil gun, any level of shooter can now train on their core firearms drills.

Learning Labs, Inc. offers three exclusive packages.

- Entry level package includes:
 - Recoil Enabled Training Pistol Glock 17
 - SmokeLess Range Basic Simulator Package with Short Throw Camera
 - Open Range simulator program add-on
 - M-Range simulator program add-on
 - Tactical Targets simulator program add-on
- Intermediate package includes:
 - Everything from the Entry level package
 - Steel Challenge simulator program add on
 - Interactive Multi-Target Training System 5 pack with Controller
 - Additional Recoil Enabled Training Pistol Glock 17
- Advanced package includes:
 - Everything from the Intermediate package
 - IPSC simulator program add-on
 - Additional Interactive Multi-Target Training System 5 pack with Controller
 - 2 additional Recoil Enabled Training Pistol Glock 17
